### ULTRA SMOOTH & DELICIOUS LIGHT VANILLA FLAVOR

#### Ideal for Different Uses

Most people don't get enough high-quality protein in their diet. Plant protein is ideal to help fill in nutritional gaps. It can be used before or after a workout for energy production, muscle growth and recovery for both men and women. A protein shake is excellent for metabolism activation and is often part of an ongoing weight management strategy.\*

**Directions:** Consume 2 scoops of powder mixed with liquid.

#### Great Tasting

You'll love the ultra smooth texture and pleasant vanilla taste — not chalky, grainy or clumpy, and no strange aftertaste — just mix away.

#### Safe & Pure

Free from things you don't want in a protein supplement. Guaranteed vegan, soy free, dairy free, no gluten and non-GMO. No artificial ingredients, fillers or binders.
