

The Eniva Bone Health Program provides a unique delivery system of liquid, ionized minerals and high potency, solubilized phytonutrients and vitamins.

It is specifically designed to support effective absorption and assimilation of nutrients for middle age and older adults.*

It comes with an industry leading Outcome Assurance money back guarantee.

Bone Health Program includes:

- **Eniva VIBE® Whole Food Liquid Multi** (32 oz): Gluten free, cold processed blend of specialized ingredients with more than 30 different phytonutrients to help nourish the body while helping counteract free radical damage. One ounce contains the antioxidant equivalent of up to 10 servings of fresh fruits and vegetables. †Published medical testing shows it supports the health of cellular DNA.* VIBE provides a nutritional foundation of minerals and vitamins, concentrated vegetable, fruit and aloe vera extracts, as well as a specialized green tea EGCG catechin complex.*
- **Eniva Cell-Ready Mineral Blend** (32 oz): Minerals are essential for support and healthy function of bones and body systems.* However, minerals are not made by the body and can only be obtained through diet and supplementation. Eniva's multi mineral blend provides a cold-processed combination of minerals in a fast-acting liquid design to support total body health.*
- **Eniva Efacor Omega-3 Fish Oil** (60 softgels): Essential Fatty Acids (EFAs) are beneficial fats that are required by the body for proper function and health. EFAs are not made by the body and must be supplied in the diet. EFAs are essential components of cartilage and bone.*
- **Eniva Liquid Cal-Mag** (32 oz): Calcium and Magnesium play many critical roles in the body, most importantly the support of strong and healthy bones. Getting the correct balance of these important nutrients is critical for optimal health outcomes.*
- **Eniva Liquid Vitamin D3** (120 mL): Known as the sunshine vitamin, vitamin D3 is an essential nutrient that is identified as a "pro-hormone" in the body. It goes to work at the DNA level in supporting multiple body systems to promote health.*

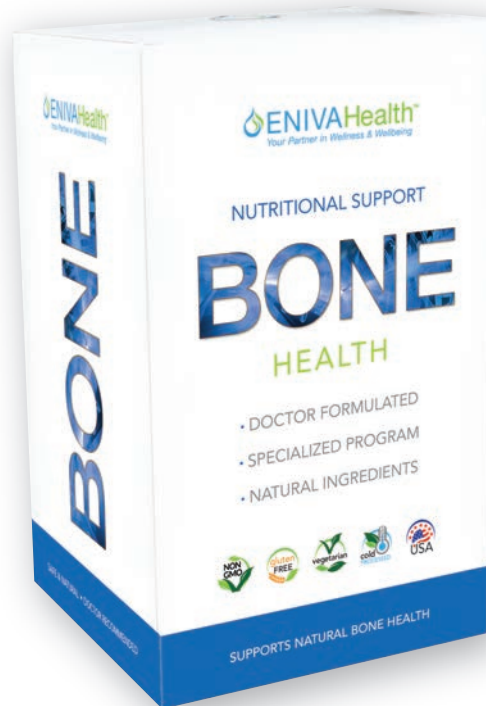

* This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

†Source of nutrient values in VIBE FS is based on recent USDA government research reports. See Supplement Facts for complete nutrient listings.

imagine...

- ✓ a bone health program with guaranteed outcome
- ✓ a money back guarantee
- ✓ results delivered since 1998

This changes everything.

Let's change the expectation for positive outcomes.

The concept is simple. Patients follow the guidelines and program, quantify results with their doctor and **if the desired outcome is not achieved, the patient receives a full refund** of money spent on the program.

The **Eniva Bone Health Program** provides a patient outcome assurance of T-score bone mass improvement, regardless of age or sex.*

The products included in the Eniva Bone Health Program are unique. They are designed to provide a **specialized delivery system** of liquid, ionized minerals and high potency, solubilized phytonutrients and vitamins. The outcome of this product design is to support effective absorption and assimilation of nutrients for **middle age and older adults**.

Expect more. **This changes everything.**

“Introducing the first
Outcome Assurance
program in the
health, wellness &
medical industries.”
